Increased Costs For Schools Is Seen In Budget

No Increase In Taxes Will Be Required To Have Building Fund

A tentative budget calling for $532,542.70 to operate the schools of the Tahoe Truckee Unified District and provide a reserve fund for future building operations, has been prepared by the governing board and the date for hearing set for August 2 at 8:30 p.m. at the high school office.

Last year an expenditure of $491,017 was recorded, the increase being $41,525.

An increase in nearly every phase of the school operation is anticipated under provisions of the budget, with capital outlay being the one item showing a decrease. There the budget calls for only $17,000 as compared to an expenditure of $55,460.64 during the 1954-55 year.

Instruction Costs

Cost of instruction is expected to advance from an expenditure of $184,052 last year to $193,000 budgeted for the coming year, an increase of $12,448.

Administrative costs will go to $17,500, an increase of a little over $1000 as compared to $16,097 during the 1954-55 year.

Transportation of pupils shows a large gain. There the budget calls for $52,000 while last year $36,054 was spent on this item. That represents an increase of $16,945. The increase will provide for the purchase of a new school bus.

Food services are expected to be approximately the same, the budget calling for $12,000, while $11,033 was spent on that item last year.

Rate at $1.55

Fixed charges of approximately $15,000 will remain about the same, while auxiliary services will advance about $1000 to $7000 for the forthcoming year. The sum of $1000 has been set up for community services.

The governing board has fixed the tentative basic rate at $1.55, the same figure which applied last year, after rescinding their previous action in advancing the rate 10 cents per $100 assessed valuation, as provided by law where the schools operate a kindergarten.

The board found that under the current rate, it will be possible to accumulate a fund of $40,000 annually for anticipated future building needs and avoid the possibility of a bond issue. This is made possible through increased assessments and collection of delinquent tax money.

The budget is based on a daily average attendance in all the schools of the district of 642.

COLLEGE PLAYERS TO PRESENT SHOW

Time Out For Ginger, the recent Broadway hit starring Melvin Douglas, will be produced by Sacramento State College's Summer Theater at the Tahoe Lake school auditorium Thursday and Friday, August 4 and 5.

Roland Alexander's comedy concerns an average American family, with a father whose passion for speech making leads his 14 year old daughter to joining the boy's football team.

The cast includes Robert Smart, Betty Martin, Jonda Argente, Edith Heaney, April Pettijohn, Dovie Thomas, Tod Argante, Alan Glass, Martin Brittain and George Ellsworth.

The play is directed by Dr. Carl A. Thomas and curtain time is at 8:30 for both nights.

LAND OWNERS TO DISCUSS OLYMPICS

There will be a meeting of property owners at Squaw Valley at 2 p.m. Tuesday at which time all affected land owners or their representatives, plus the Placer County Board of Supervisors, will be on hand to discuss land use for holding the 1960 Winter Olympic games.

The meeting has been arranged by Senator Harold Johnson of Roseville and is being sponsored by the Placer County Chamber of Commerce.

Sheriff's Deputy Father Of New Baby Daughter

Deputy Sheriff and Mrs. Roy Waters are receiving congratulations upon the arrival of a daughter, named Robin on July 26 in Tahoe Forest Hospital. The little girl was a compact 6 pounds and 2 ounces on arrival.

Daughter Born

Mr. and Mrs. Thomas Jordan of Reno became the parents of a baby daughter Tuesday. The mother is the former Shari Reynolds, daughter of Mr. and Mrs. B. W. Reynolds of Truckee.

Zoning Ordinance Hits Complication At Planning Meet

The idea of a proposed county ordinance to prevent undesirable structures in this region as a result of an expected influx of people for the 1960 Olympic Winter Games becomes somewhat complicated.

At a public meeting held by the Nevada County Planning Commission in Nevada City Tuesday night, Hal Welch and Kenneth Hedlund, president and vice president of the Truckee Chamber of Commerce, were advised that many preliminary steps are necessary before any definite action on an ordinance or zoning plan can be taken.

First off, the local delegation was advised to set up an advisory committee comprising two residents from Truckee, two from Donner Lake and two from Donner Summit to present detailed proposals to the planning board which in turn will make studies and submit the finally approved outline to the board of supervisors for action.

C. Edmunds, a member of the planning commission, said the local chamber was authorized to appoint the committee which will have only advisory powers.

Only objections voiced at the meeting against the proposed zoning came from Dennis Jones, who indicated he was not in favor of regulation by county boards or ordinances.

Relationship Confused Slightly In Arrival Of Granddaughter

Mr. and Mrs. R. R. Frank have received word of the arrival, on July 23 at Redondo Beach of a daughter for Mr. and Mrs. Raymond George Wacker who recently left here.

The little girl weighed 7 pounds, 13¾ ounces and has been named Deborah Marie.

The family relationship is slightly complicated by the fact that Frank is the father of the mother (nee Marjory Frank) and Mrs. Frank is the mother of Wacker, the proud father.

VINDS GET CONTRACT FOR DONNER PARK

Vind Brothers Construction of Truckee expect to start work immediately on the combination building and comfort stations at Donner State Memorial Park, having been awarded the contract by the division of beaches and parks.

The local men bid $17,000 to erect the two units which will center a new campsite area which is expected to be opened next year and providing facilities for 50 additional campsites.

The new structures will be of mountain-type design to conform with other facilities at the park.

FATHER OF LOCAL MAN DIES AT HOME

Edward F. O'Rourke, 84, father of E. V. O'Rourke, superintendent of the Tahoe Truckee Unified School District, and widely known Grass Valley lumberman, expired at Nevada City last week following a lengthy illness.

The deceased was a native of Table Bluffs, Calif., and had lived in western Nevada County since 1929.

Besides his son here, O'Rourke is survived by his wife, and a second son, Pat, a resident of Grass Valley and a brother, Alva E., of Scotia.

Board Completes Work On Budget For Year

The Nevada County Board of Supervisors finished their annual "battle of the budget" in rapid order and turned the approved items over to R. E. Deeble, county auditor, for tabulation. A tentative total figure will be given at a later date.

Approval was given the $518,000 road department budget which consumed the most time of any county department. Most items remained fairly close to last year's figures with minor changes to cover increased or decreased costs.

PATRONIZE ADVERTISERS

Two Local Men Held For Attack On L. A. Woman

Second Suspect Arrested After Complaint Is Issued Here

Julio Raymond Franco, 33, the father of five children, employed by a construction company here was taken into custody last night and booked en route to Auburn as being the second man involved in the attack of a woman vacationing on Donner Summit.

The suspect admitted, officers said, to being with Joseph Garcia during the alleged attack. but said he did not recall any details.

Franco was arrested and questioned by Deputy Sheriff Gene Dahlberg of Tahoe, Deputy Roy Waters, Constable N. F. Dolley and State Patrolman Carroll Maynard of Truckee.

Joseph Garcia, 22, Truckee, was being held in the Placer County jail at Auburn following charges by a Los Angeles widow and the mother of two small children, who said she identifed the Truckee man as one of two who attacked her on Donner Summit Friday morning.

The second man, allegedly involved in the attack, has not been identified.

The woman, who was vacationing at Travis Air Force Lodge near Norden, said she went to Donner Lake Thursday where she enjoyed the evening and about 1 a.m. drove toward her lodge. As she neared the road turning into the lodge, she told Constable N. F. Dolley and Deputy Sheriff Roy Waters, she noticed a car closely following her. When she stopped, the two men got out and demanded that she also get out of her car.

Instead, she said, she drove on striking the other car with hers, leaving Nevada County and entering Placer County near the Southern Pacific tracks. There she said, the car following forced her off the road and she was pulled from her vehicle, struck and her clothing ripped off. She said she pulled away, screamed and started to run. She fell, injuring her knee and legs and the two men hurriedly left the scene, she told the officers.

The woman was treated at the Tahoe Forest Hospital for bruises, lacerations and shock.

The 31-year-old widow, whose husband was killed while a pilot in Korea, made her way to the Travis Lodge and Patrolman William Gautsche was summoned to aid in the investigation.

Garcia was arrested and taken before Judge F. W. Wilson and charged with assault. Later Placer officials questioned the suspect and took him to Auburn.

Utility Directors Change Time For Meets Here

The governing board of the Truckee Public Utility District in the future will meet at 9 a.m. on the first and last Thursday of each month instead of 2 p.m. on the first and last Tuesday, as they have been for the past several years.

The action was taken at the meeting Tuesday when a resolution was adopted to change the rate of pay to board members effective September 1. Instead of the $5 monthly, the resolution calls for $5 per meeting. This action was taken, C. Edmunds, district manager said, to assure full attendance at meetings if members are to receive pay. The board is inviting comment on either of the above two actions.

Wedding Date—

Mr. and Mrs Paul Rausch celebrated their wedding anniversary last Monday.

Visits Former Truckeeite—

Mrs. C. B. White returned this week from San Francisco where she was the guest of Mrs. W. F. Wilkie.

Patient in Hospital—

Mrs. Jack Waggoner of Donner Lake is a patient in Tahoe Forest Hospital.

On 50—

Rev. and Mrs. Wesley Osman and daughter visited her family at Placerville.

SUNBEAMS

By WALTER M. BARRETT

Truckee is certainly fortunate in having such an alert and efficient fire department and the speed with which the firemen respond to a call is remarkable. While we who live here take this service more or less for granted, strangers in the community who have witnessed the dispatch with which the men and equipment turnout at an alarm are high in their praises. It seems that no sooner does the alarm sound than the wail of the sirens, denoting the trucks en route, are heard and very seldom is there even the slightest delay in having the fire under control. With two fine pieces of equipment, manned by men who know and do their jobs well, Truckee can be very proud of its department.

* * *

It was pleasing to note that the report of the hospital committee of the Nevada County Grand Jury gave the Tahoe Forest Hospital and its administration well-rounded praises. Our district hospital went through a period of "growing pains" and some rather difficult times were experienced. It is satisfying to learn that, through concerted investigation of all phases of the institution, it is now earning deserved favorable comment from all sides.

Big Business Reported By Local Justice Court

For the fiscal year ended June 30, the Truckee Judicial District Court did quite a business, Judge F. W. Wilson relates. A total of $39,689 was collected here in fines and fees during the year and transmitted to the county treasury.

During July, the local court collected $4435. Of this substantial sum, $4,070.50 was from traffic fines, $25 from civil cases, $25 from criminal cases and $50 from fish and game violators. The school driver training tax totaled $264.50.

CHILDREN WILL BE GUESTS AT CIRCUS

School children of the district will be guests of El Ta Ho Shrine Club at the circus in Reno Thursday, August 4 and school buses will transport those wishing to attend to and from the big show.

Buses will leave the Kings Beach Postoffice at 9:30 a.m., Tahoe City at 10 from the postoffice, from the Truckee elementary school at 10:45, and from Cisco at 9 a.m., according to Tom Lucas and Dan Anderson who are arranging the affair for the youngsters. Children are asked to get their release at designated locations prior to the date of the trip.

The Shrine Club annually sponsors the visit to the circus for the children.

New Fortune Will Not Affect Game Warden

Truckee's game warden, Erwin Single, who recently was named beneficiary in the will of his late grandfather, Will Erwin of Sutter County, to the extent of $124,000, plans to continue his work here and will not make any radical changes in his current routine.

"I don't know where I could get a better job and I like this one very well," Single declared.

Erwin left an estate of $138,000.

During the past few years, the Truckee man has handled the property affairs of his grandfather.

Visits Washington

Mrs. Donna Songer accompanied her mother, Mrs. Myrtle Buroker to the latter's home in Washington, where she will recuperate from a recent illness. During her absence her beauty salon will be open for business with a competent operator in charge.

Embezzlement Is Charged Against Two Local Men

Harold Gilson, William Ost Named In Charge By Lumber Firm

Harold A. Gilson, for the past several years employed by the Truckee Tahoe Lumber Company, and William Ost, owner of a motel at Donner Lake, have been named in a complaint charging them with theft and embezzling of $30,665.44 from the company which employs Gilson.

The complaint was signed by Lucille Cross, vice president of the lumber company who with her husband, Charles, operates yards in Truckee and at Tahoe City.

The alleged shortages were over a period of the past four years, according to the complaint, although details have not been reported.

Gilson was taken before Judge F. W. Wilson in the local court and his bail fixed at $5000. After he had been removed to the county jail, the bail was reduced to $1000 and he was released.

Ost has been a patient at the Tahoe Forest Hospital for the past several days suffering from a stroke.

Gilson is said by Deputy Sheriff Roy Waters to have admitted to some discrepancies in accounts, but denies taking any sum near that charged by the plaintiff.

The complaint charges that the shortages started occuring about June, 1952.

FIRE DAMAGES HOME ON HIGH STREET

Fire which for a time threatened to develop into a major conflagration Monday afternoon damaged the Elizabeth McKay house on High street, occupied by the Arterhuree family, but was brought under control through the quick action of the Volunteer Fire Department.

The fire, Chief N. F. Dolley said, apparently started in debris in the rear of a shed at the back of the house. It quickly spread to the shed and was burning briskly when the department arrived.

A strong wind from the west could easily have spread the flames to a row of other houses along High street.

DISTRICT ATTORNEY DRAWS CRITICISM IN JURY'S REPORT

The office of the district attorney was criticized rather sharply in the final report of the Nevada County Grand Jury, which recommended that the office be revamped to include a full time district attorney and a special investigator.

The report suggested a salary of $8000 annually for the district attorney and $350 monthly for a special investigator.

The jury criticized the office for receiving no "verbal or written answers" to requests for legal advice by the foreman and different members of the jury. It was further recommended that the next grand jury pursue the matter further. It was reported the office of district attorney now costs the county $11,000 annually.

The grand jury, of which James McIver of Truckee was foreman, was discharged last week by Superior Judge James Snell.

Ruby Russell Leaving To Attend Convention

Mrs. Ruby Russell will leave August 1 to attend a convention of Pythian Sisters Lodge in New York City, being a delegate from Reno Lodge, No. 121.

Mrs. Russell will visit her granddaughter, Mrs. Norman Salomon and three great-grandchildren who are living near Washington, D. C.

Salomon who is making the U. S. Navy his career is at present stationed overseas. The family is well known here where they lived several years ago.

In Woodland—

Mr. and Mrs. Frank Giovannoni were visitors at Woodland on Monday.

Increase In Phone Service Indicates Growth Of District

C. F. 'Chuck' Berlenbach, telephone manager here, doesn't know what to credit it to but he says people are talking more than they ever did.

His source—telephone company records.

They show 3360 local telephone calls placed here on an average business day.

"That's almost six times the daily calling rate in 1945," said Berlenbach. "At that time (1945) 589 daily calls was the average. Part of the reason for all this talking might be Truckee's rapid telephone growth. Ten years ago there were 355 telephones in town. Now there are 664—that's almost twice as many phones."

Pacific Telephone's total telephone plant investment here is pushing the half-million dollar mark.

The company spent $15,300 during the past 18 months to expand and improve telephone service in and around Truckee. That brought the present total telephone investment to $435,566.

"The new dial building and dial telephone system will easily bring our investment to more than one-half million dollars," Berlenbach said.

Accused 'Litterbug' Required To Gather Up Discarded Bottle

Not only was Eugene W. Nakaishi of Sacramento cited to appear before Judge F. W. Wilson for violating the new state code, 601a—the "litterbug" law, but he was required to pick up an empty bottle which he tossed from his car near the foot of Donner grade Sunday.

Nakaishi told Patrolman Carroll Maynard, who said he witnessed the violation, that he was only cleaning out his car which he had parked beside the road.

The usual fine for this offense is $25.

WORK STARTED ON NEW OFFICE FOR DOCTOR BEN KING

Work is well underway on the south side of Highway 40 just east of Harry's Richfield Service Station, on a modern office building and clinic being erected by Vind Brothers Construction for Dr. Ben R. King, Truckee physician and surgeon. The building is on property owned by R. Joseph and is only a block from the Tahoe Forest Hospital.

Charles Vind said plans for a one-story brick-faced and redwood building with 1400 square feet for the seven rooms it will house. The new office will be 45x30 and will contain modern reception rooms, treatment rooms an x-ray department and office. It was designed by Dr. King to provide all conveniences for patients. Cost of the structure will be $20,000.

It is hoped to have the building ready for occupancy by early in October. Dr. King is presently practicing in offices leased from Dr. Sidney Kase in the latter's home adjoining the Cottage Hotel on the main street.

Buy House—

Mr. and Mrs. Robert Moore are completing plans to buy the house of Mr. and Mrs Ken Faulkner on River street, moving their household goods this week. The Faulkners will leave for Roseville where he has been transferred by the Southern Pacific Company.

Oakland Visitors—

Mr. and Mrs. Joseph Toffinelli of Oakland visited her sister, Mrs. Hazel Lewis on Monday.

It Pays to Advertise—

Mrs. Hannah Stewart and Mrs. Karl Kielhofer found that it "pays to advertise" in the Sierra Sun. Mrs. Stewart sold household articles through the service last week and Mrs. Kielhofer not only found the owner of a run-away parrakeet but had two additional inquiries concerning the bird.

Buy at Gateway—

Mr. and Mrs. A. W. Close, have bought the house, located at Gateway Park, formerly owned by Mr. and Mrs. John Gracik. Close is employed by the California Division of Highways.

Hospital Receives High Praise From County Grand Jury

Administrator, Staff Given Favorable Comment In Report

The Tahoe Forest Hospital, its administrator, John J. McGlade, and the staff and governing board received highest praise from the Nevada County Grand Jury in the final report submitted last week.

A part of the report from the hospital committee follows: "When this grand jury was impaneled September 23, 1953, we were given the privilege of reviewing the reports of the grand jury before us, their views, ideas and recommendations. On doing this we learned that they had recommended an investigation of the Tahoe Forest Hospital. We were already aware of the fact that there was just such a need in the Nevada County Hospital at Nevada City and felt it was best to take first things first and investigate the Tahoe Forest Hospital, which we did and accomplished much in a very short time.

The board of directors which in Truckee are responsible for the superintendent of that hospital were most cooperative. We found it was just a case of too much confidence and an overwhelming desire to go along with the superintendent. They at first thought he was in every way more than capable of the duties which he so willingly took upon himself. Upon investigation, however, much was exposed. Wrong doing here and there and expenditures which could not be accounted for, allowing the superintendent, Mr. Wardman, to become indebted to the hospital for $900. This was for rent for his home which was to have been paid through the hospital but was not. After two lengthy meetings with witnesses things were adjusted to desired standards, but by that time Mr. Wardman resigned.

Doing Good Job

"A new man, Mr. McGlade, was hired for the job and has proven in every way to be most competent and capable, as well as a very likeable person. The Tahoe Forest Hospital now, according to all reports, is running in good form and Mr. McGlade is doing a very fine job with the assistance of two ladies in the office, one being a bookkeeper and the other acting as receptionist and general office girl.

"Members of the hospital committee visited the Tahoe Forest Hospital in October of last year and found it to be in excellent condition. Certainly it is a hospital to be proud of and an asset to any community."

County Hospital

The report was not as charitable toward the Nevada County Hospital, although affairs there have been adjusted to meet recommendations of the grand jury.

In part of the report says: "It is with a feeling of pride that the accomplishments of this grand jury are recounted; a feeling of pride in the fine cooperation and persistence of the jury members so that a job of long standing could be accomplished, and that is in establishing an adequate set of books with a competent bookkeeper employed for that specific purpose at the Nevada County Hospital."

"It is with great regret however that this purpose was not reached without incurring a great deal of expense to the county. It is the fact-finding opinion of the grand jury as a whole that any unpleasantness was caused only by those who opposed an adequate set of books and a bookkeeper at the Nevada County Hospital, and, sorry to say, the grand jury for a period of several months received no cooperation from some of the supervisors."

The hospital committee comprised Ruth Truscott, chairman; Al Brass, Herb Stock, Reva Warne, Edna McGrath and Charlotte Casci. James McIver was foreman of the jury.

Girls Honored At Meet Of Scout Troop Tuesday

At the regular meeting of Donner Troop Girl Scouts held on Tuesday, the second class rank badge was awarded to Lois Freeman. This badge is earned by completing an activity in each of the 11 fields of Girl Scouting. After a short hike the girls who have returned from the first session of summer camp taught some new songs to the troop.

At Hospital—

Geno Giovannoni was reported improving following surgery in the local hospital.

Patient—

Mrs. Iva Bean of Tahoe City has been a patient in Tahoe Forest Hospital.

Feeling Better—

Mrs. Frank Fox has returned home in improved health, following treatment in a Reno hospital last week.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS) — Gov. Goodwin J. Knight's veto of the so-called Omnibus Park bill, which appropriated $15,932,500 for the purchase of new state parks and beaches, is an indication that the chief executive is submitting to neither political or community pressures.

This bill was developed late in the legislative session, and although there were committee hearings on it, the governor pointed out in his veto message that "so far as I know, no serious consideration was given in any of the committees which heard this bill to the very important question of abandoning the matching principle."

For the measure provided for acquisition of some 15 new projects without cities, counties or private parties putting up as much money or property to match the amount the state would have put into each project had the measure been signed.

The matching principle was developed in 1927, when a state park bond issue of $6,000,000 was voted by the people. The principle then was, and it never has been abandoned, that other government agencies or private parties would double the amount of investment made by the state.

This was on the general theory that the project was of more use to the communities involved that it would be to the entire state, although the park system has some benefit to all of the people of California, no matter where the project is located.

In 1945, when some $15,000,000 was taken from the state's general fund for additional beaches and parks, the matching principle was continued.

The governor, therefore, vetoed the Omnibus Bill on the theory that the matching principle should be continued, despite the urgings he had from legislators and communities to sign the measure, on the ground plenty of money was available in the fund to buy the projects without requiring the local governments to contribute

Knight also pointed out that there is no reason why California should not have a system of parks and beaches second to none, in accordance with a sound and prudent master plan.

He said that allocations should be made through the regular budget process, in accordance with a system of priorities, as in other capital outlay budgeting, and "should not be on a basis of competition among members of the legislature through special bills."

In other words, he has indicated that pork-barreling with beaches and parks won't be tolerated and that legislators can go through regular channels to promote their pet community projects.

The governor also vetoed another park project, which has caused much comment. This is the purchase of Asilomar, in Monterey County, for $350,000, a suggestion which has been exhaustively investigated by the department of finance.

Monterey County legislators really "turned the "heat on the governor on the Asilomar project. He was told, it was learned authoritatively, that "they don't like you very much in Monterey County anyhow, and they'll like you a lot less unless you sign this bill!" However, the governor held out against the pressure.

Meanwhile, it's going to be up to the state division of beaches and parks to present some concrete plans, other than the vague five and ten year plans they have suggested in the past, to assure orderly acquisitions of new beaches and parks.

Deadline on Benefits For Disabled Vets Advanced 2 Years

The deadline for eligible disabled veterans to apply for a government grant toward the purchase of an automobile or other conveyance has been extended for two years under a new law signed by the president.

Eligible veterans now have until October 20, 1956 or five years after discharge or separation from the armed forces, whichever is later, in which to apply. Previously, the application deadline was October 20, 1954 or three years after discharge or separation whichever was later.

The new law also extends the program to cover two small groups of veterans, they are:

(1) Those whose qualifying disability occurs subsequent to discharge or separation. This group of veterans has three years after the disability occurs in which to apply.

(2) Those whose qualifying disability was not adjudicated to be service-connected until long after discharge or perhaps after the basic time for filing. This group of veterans has one year after the disability has been declared service-connected in which to file.

VA is authorized by law to make a payment not to exceed $1600 toward the price of an automobile or other conveyance, including special appliances, to World War II and Korean conflict veterans entitled to compensation for three types of disabilities. The three types of disabilities are:

(1) Loss or permanent loss of use of one or both feet.

(2) Loss or permanent loss of use of one or both hands.

(3) Complete loss of sight in both eyes or permanent impairment of vision in both eyes to a degree constituting total blindness.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Marriage at Court

A marriage ceremony was held at the court room last Friday when Jersey Joseph Wood and Marie Opland took the vows. William A. Carver was best man and Eva Donadio was matron of honor. The bride and groom were from Alameda and before returning are honeymooning at beautiful Tahoe. The groom was formerly of Iowa and the bride was formerly of Michigan.

Congrats

A number of the members of the Lake Tahoe Lions visited the Truckee club last Wednesday, where also a number of Rotarians both of Truckee and Reno. The speaker was Jack McGlade, administrator of the Tahoe Forest Hospital and Val Dage, Reno blood bank manager. Both spoke on the necessity of keeping the blood bank up to standard, which we will all admit is a most necessary thing at all hospitals. You know, I was thinking since my wife has been a patient in that up-to-date and immaculate institution, about the criticism that was being carried on about the plant, and nobody knew whether it was right or not. I have certainly found it to be just a lot of idle talk. For anyone that is sick, it is another home. Both the service and personnel are excellent, and I for one congratulate the whole staff.

New Officer

A fine young man by the name of Gene Dahlberg is the wonderful addition to our staff of police officers in this district. He is a sergeant in the Placer county sheriff's department and is supplied with a car and all the modern equipment necessary to prompt handling of crime that has been on the increase during the past several months. If you see Gene on the streets stop and give him a welcome, make his feel at home as he wil be here all year round.

Sickness

Sorry to hear that the father of Lloyd Barnes is ill, having had a stroke a few days ago. He lives in Richmond. Lloyd and his mother are back at their home at the lake and had visitors for a few days. Lloyd and his mother have just returned from an extended trip to Alaska, where his brother is in business.

Neighbor

Elston Garrow is pretty much of a neighbor of ours, having bought the home of the Leonard Chandas on the golf course. It is a beautiful home facing the east green, and we are sure they will be very happy there.

Parking

Everything is in full swing around the Kings Beach area. The parking problem is with us again, but most of it is because we are too tired or lazy to walk a block. We have the habit of trying to get into the doorway of the post office or store. Leave your car home if you live close and give the visitors a chance because they are the ones we depend on to make a living for us.

New Court Clerk

Kay Felte is the Tahoe Judicial District Court clerk for this summer and a pretty busy one too, as business seems to have doubled this season so far, and with added assistance in the shape of the extra deputy it will be growing right along.

Church Activities

Sunday last in the activities of the church members started off with a bang with breakfast at 8 a.m. at Ta-Neva-Ho. Dr. Kirsher presented the workers for consecration. The organ dedication with recital by Mrs. Martha Jones of Reno was set for this Sunday, July 31st, at 4 p.m. You are urged to be on hand early.

Visitors

Happy to hear that Dr. Jose Nessim is in the community, with his wife and very sweet child. At the moment he is at the Brockway Hotel. Sure nice to have him back, if only for a short period. The doctor was quite a community-minded citizen, especially during the storm of 52, when I had the pleasure of working with him on several projects.

Dignity

At one end of Kings Beach there is a family of gypsies, running a hand-reading joint, with signs of hands all over the lot. I don't know whether this adds to the dignity of our area or not.

Beauty

Did you see the beautiful flower garden around the Kings Beach Resort? Just take a look as it sure adds a lot to the beauty of the community. All we need are a few more to follow the idea. Good for you, George and Bee.

Globe Trotters

I see the Canary Cottages have an addition to their resort, in the nature of an office. They are next to the Riveria Shop in Kings Beach. Quite good.

In France

Just had a card from Bob and Mrs. Murray of Tahoe Vista. They were staying at Nice, France. The most luxurious hotels they have ever seen. They have been along the Riveria and Monte Carlo, and just facinated with it all.

To College

Congratulations to a few more of our young people. I am told that Loma Sorensen will go to the University of California, Berkeley, and Diana Abbott will leave in the fall to San Jose State College. And next is Barney Gilmore who will leave for Stanford University. We are mighty proud of all these up and coming young people. They are wonderful.

In and Out

I forgot to say that Jack Judy had been up here for sometime from his hangout down, way down, by Salton Sea, and that our friend Harry Stubley has been on an extended vacation.

Cutie

Al Snyder brought his grandchild, a cute little girl up to see me and jokingly he said she had been riding her bicycle too fast but it was no joke. I fined her a nickel and suspended it for 10 years.

At Lake

Just heard that Tex Jones is up here for a couple of weeks, and of course Mrs. Jones is with him, they sure look fine. They used to own the Cottage Court, that is now Ludlow's. Cute for him to stay in his old stomping ground.

Visiting

Saw Roger Colton today for the first time for a couple of years. He tells us they are in San Francisco. Roger, Jr., has done a couple of years of college and is about to go into the naval academy.

Ketman III

Very sorry to hear that our friend, A. J. Ketman, popular real estate broker, is very ill and at the time of writing he is in St Mary's Hospital in Reno. We hope it will not be serious.

ASSAULT CHARGE BRINGS $300 FINE

KINGS BEACH—Pete Guzman of San Francisco, who was charged with assault with a deadly weapon last week following an altercation, entered a plea of guilty to simple assault when he appeared before Judge Harry Charrison in the Tahoe Judicial District Court. He was fined $300.

The distinctive aromatic and pungent flavor of cardamon seeds have an affinity for the flavor of coffee.

WOMAN FINED $250 FOR DRUNK DRIVING

TAHOE CITY—Phyllis Catherine Fournier, 34, Laguna Beach, was fined $250 when she appeared this week before Judge Harry Charrison on a drunk driving charge after her car left the highway three miles north of Carnelian Bay Friday evening and was wrecked. She suffered minor injuries. The citation was issued by Patrolman Carroll Maynard.

In a second lake accident last Saturday, Victor Blaze, 31, Sacramento, escaped injuries when he apparently fell asleep at the wheel and the car ran off the highway a mile west of Tahoe Vista. He was cited by Patrolman T. F. Sheehan for speeding and being on the wrong side of the road. He was not injured.

ILLEGAL FISHING DRAWS TAHOE FINES

TAHOE CITY—William Clayton, San Francisco, and Rudolph Beck, Alameda, were fined $50 each by Judge Harry Charrison after they appeared in the Tahoe Judicial District Court charged with illegal fishing from a pier. They each caught one fish. They were arrested by Game Warden Erwin Single.

PAPER IMPORTANCE TOLD TO ROTARIANS

KINGS BEACH—The regular meeting of the Brockway Rotary Club held Monday night at Ta-Neva-Ho was presided over by President Bill Randall.

He called for the introduction of visiting Rotarians and the following clubs were represented: Reno, Tahoe City, Salinas, Turlock, Lodi, Los Gatos, Redwood City, Truckee, Walteria, Hollywood and Catalina-Tucson, which totaled 20 visiting Rotarians.

The meeting was turned over to Program Chairman Hank Dodd and he presented the film, "The Gift of Ts'Al Lun," which is the history of paper making from the time of the ancient Chinese to the present time. This film was made by the Hammermill Paper Company and furnished through the courtesy of the University of Nevada. After seeing this film a person wonders about the effect that paper has on our daily lives. Without paper many of the things of our every day lives would be seriously affected.

Mr. and Mrs. Henry Lucas have visited Gettysburg, Pa., and Washington, D. C., last week and had traveled 4900 miles during their very interesting trip.

Mrs. Sara Ann Ernst has moved from Modesto to Sloat, Calif.

CAPPS UNABLE TO SWIM LAKE TAHOE BECAUSE OF COLD

Commenting that "I don't see how any human can ever swim it," husky, 39-year-old Bert Capps, San Francisco distance swimmer was pulled from the chill waters of Lake Tahoe five miles short of his goal after covering 16 or 17 miles in his try to swim the length of the lake.

He left the southeast end of the lake at 10:08 Thursday night and was hauled into an accompanying boat at 9:23 a.m. Friday. His body was a deep purple-blue from the 38 to 42 degree water. He said it was the cold that beat him.

Capps set a record last year in swimming across the lake but no one has ever swam the length.

SAFE STOLEN AT TAHOE RECOVERED

TAHOE CITY—Deputy Constable Harry Johanson of Tahoe City said an unidentified fisherman has found the safe of the Sierra Boat Company of Carnelian Bay, stolen during last weekend with $11,000 in cash and checks.

Johanson said the angler reported finding the safe on the bank of the Truckee River, one and a half miles north of here. Johanson quoted the fisherman as saying he found the door 40 feet from the safe and papers scattered about.

In Auburn, Sheriff William A. Scott appealed to the state bureau of criminal identification and investigation, which sent experts to the scene to help in the investigation.

The Carnelian Bay boat concern is owned by Stanley Dollar of the Dollar shipping firm.

PLANS COMPLETED FOR PAHATSI MEET

Howard Lee, general chairman of the Camp Pahatsi barbecue, sponsored by the executive board of the Tahoe Area Council, Boy Scouts of America, announced today that final details and plans are complete in connection with the big event. He stated that more than 500 guests and visitors are expected to visit Camp Pahatsi Saturday, July 30, to participate in the barbecue and the planned program of the day.

FACULTY MEMBERS ADDRESS ROTARY

TAHOE CITY—The president and two of the faculty of the Sacramento State College summer session here were speakers at the Tahoe City Rotary Club's luncheon-meeting at the Tahoe Inn on June 19.

Dr. Guy A. West, president, who is here for a short stay this summer, spoke briefly on the objects of the summer session, and expressed his belief that it might be from now on an annual session at the Tahe Lake school.

Paul Beckman, associated professor of life sciences, gave a more lengthy talk on his field of studies. He described the area from the west side of the Sierra to a location near Reno, including the Tahoe basin, as being ideal for the study of natural science, and he pointed out the locations of distinct evidence of glaciers which centuries ago must have been responsible for the formation of some of the upper lakes in the mountains surrounding Lake Tahoe.

Including Dr. West of Sacramento, there were 38 visiting Rotarians at the meeting. Eight guests of Rotarians were introduced, and added to these the large number of local Rotarians and visitors filled the inn's dining room to capacity. President Vernon Bartell presided, and Basil Kehoe acted as program chairman.

APPEALS COURT RELEASES DRIVER

Third District Court of Appeals has ordered Nevada County authorities to release Daniel Martin from Nevada City County Jail.

Nevada County Superior Court had dismissed manslaughter charges filed against Martin after a U. S. 40 fatal traffic accident, bue he was ordered to remain in jail pending outcome of an appeal by District Attorney Vernon Stoll.

A petition for Martin's release on a writ of habeas corpus was upheld by the Appellate Court.

JOHN THORNTON SON WILL BE MARRIED

James Thorton, son of Mr. and Mrs. John C. Thornton of Fallon, Nev., will be married on August 28 to Miss Yvonne Lartey, daughter of Mr. and Mrs. Dominique Larty of Reno.

The betrothed couple is attending the University of Nevada and plan to continue their studies until graduation.

The Thornton family formerly resided in Truckee.

Newest thing in Room with a View

It's the 4-Door Riviera-

the stunning new hit of America's Hardtops

WHEN Buick introduced America's first hardtop—the Riviera—folks went for it in a big way, and fast.

They liked the Convertible look of this 2-door beauty—long, low and rakish. They liked the added security of the steel roof overhead. And they certainly liked the absence of center posts in the side window areas—which gave a completely unbroken view left and right.

People liked it all so well that, over the past six years, they made the Riviera the biggest-selling hardtop in the world, bar none. *And it still is.*

Now Buick has come up with another great advance in hardtops—*the 4-Door Riviera*—and it's a sensational hit.

It has everything the original 2-Door Riviera has—plus separate doors for rear-seat passengers, and a whale of a lot more room for them.

Rock-solid *half*-pillars on either side are what latch the front doors and hinge the rear ones. So there's no center post above the door line—*and a completely open sweep of view to both sides.*

And the roominess provided by this gorgeous new hardtop is really something—*over 9 inches more hiproom and 5 inches more legroom in the rear.*

Why don't you come see this brand-new kind of automobile that's heading up the parade of the hottest-selling line of Buicks in history?

That way you can also try what else is to be had here—Buick comfort, Buick power, Buick ride and handling and roadability—plus the electrifying action of Buick's Variable Pitch Dynaflow.*

Do it this week—tomorrow would be fine—and you'll see what record volume really means in the way of record-high trade-in deals.

**Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.*

HATCHERY MAN IS HURT IN ACCIDENT

PORTOLA—John Reed, hatcheryman of the Tahoe Fish Hatchery, suffered head injuries recently when his pickup truck slid off the highway two miles east of here.

Investigating officers said Reed apparently dozed at the wheel, the truck ramming a tree and then dropping into a ravine. The injured driver crawled 25 feet from the vehicle and collapsed, and was found two hours later when fish and game officials began a search for him.

The truck, laded with fingerling trout from the hatchery, was en route to the Beckwourth Airport where the fish were to be loaded on a plane for aerial planting.

The Ralph Peers of Los Angeles are vacationing again at Tahoma.

From where I sit ... *by* Joe Marsh

Modern Science Finally Catches Up With Grandpa

I got put in my place the other night. Deserved it, too. My father-in-law said we were due for bad weather. "Birds are flying low," he reported. "That means a storm."

I started to josh with the old gentleman about being superstitious. Then my nephew Jim, on vacation from college, pipes up. "Grandad's right," he says.

"At least, that's what they say at school," Jim goes on. "The heavy air you get before a storm forces insects down low—so high-flying birds have to swoop along the ground if they want to eat."

From where I sit, there's probably sound reasoning back of most old sayings ... back of *anything* people have learned to believe in. Take the idea of a stitch in time saving nine—sparing rods and spoiling children—of drinking hot milk, or a refreshing glass of beer, at bedtime. You may not hold with any of these beliefs *yourself* ... but it's not smart to give them the "bird."

Joe Marsh

100 CAMPSITES AT STATE PARK PLAN FOR EMERALD BAY

Newton B. Drury, chief of the division of beaches and parks, reported today that plans have been completed for the construction of 100 campsite facilities consisting of concrete and wood camp tables, food lockers, and masonry stoves to be located at the south end of the bay at Emerald Bay State Park on Lake Tahoe. It is anticipated that this new campground will be opened to the public for the 1956 summer season.

Campground roads are now under construction and the complete plans include four comfort stations and two combination buildings having restrooms, showers and laundry facilities.

Contractors interested in submittting sealed bids for the camp units or buildings should contact State Park District Superintendent Clyde Newlin, 118 East Oak Street, Stockton, Calif.

STATE POPULATION NOW OVER 13,000,000

SACRAMENTO (CNS)—The record-shattering growth of California's pouulation brought the total number of people in the state to more than 13,000,000 as of July 1, the state department of finance announced here today.

Carl Frisen, department official who handles the estimates for the state, said he expects to issue a complete population table next week, on which the state will base its contemplated needs for next year's budget.

On top of Frisen's statement, Wiilliam A. Burkett, director of the state department of employment, said the July 1 estimate of the state's labor force had hit an all-time high.

BANK OF AMERICA DECLARES DIVIDEND

At the meeting of the board of directors of Bank of America on July 19 in San Francisco, the regular quarterly dividend of 40 cents per share was declared on the bank's common stock.

The dividend, which is at the annual rate of $1.60 per share, is payable on August 31 to shareholders of record August 10.

CLOWN LOU JACOBS AND BAGPIPER JOAN LEE

Newly imported foreign features, including bagpipe music and Scottish Highland dances by the famous Dadgenham Girl Pipers from Great Brtiain, give distinction to the eighth annual Kerak Shrine-Polack Bros. Circus, which will attract many people from this community to Mackey Stadium, in Reno, for performances to be given twice daily, at 2:15 and 8:15, Wednesday through Saturday, Aug. 3-6.

Along with abundant aerial, acrobatic and comedy attractions, the circus boasts such varied trained-animal acts as the Besalou Baby Elephants, Prof. George Keller's mixed group of jungle big cats, Klauser's bears, Tiebor's sea lions, Ostermainer's goats, Poly Orea's 16 spitz dogs and Cilly Feindt's dressage riding.

Truckee is Strong Second as Entry Point Into State

The Truckee State Quarantine Station on U. S. 40 held a strong second place for incoming traffic among the 17 California border crossing points during June, according to a report by the bureau of plant quarantine at Sacramento.

The local station tallied a total of 51,026 passenger cars, 2894 commercial trucks and 764 stages. The number of passengers recorded here was 175,597. These figures were topped only at Yermo where 71,221 cars, 2189 trucks and 476 buses crossed into the state, bearing a total of 197,400 people. In third place was Blythe with 36,616 automobiles, 4168 trucks and 715 stages with 124,054 passengers.

Meyers on Highway 50 recorded 16,889 cars, 263 trucks, 60 stages and 47,208 passengers.

Highway traffic into California continued to increase during the month of June.

The number of cars passing through all bureau inspection stations totaled 376,689, compared with 348,130 for the same month last year. Traffic counts for each month so far this year have exceeded those for corresponding months of 1954.

Of the number of cars entering the state, 192,617 were of out-of-state registry, an increase of about 15,000 over June, 1954.

The number of passengers totaled 1,132,141, compared with 1,064,429 a year ago. Of these, 541,373 were from out-of-state, 33,000 more than during June of last year.

Dr. and Mrs. Lee Hand of San Francisco are enjoying the season at their Tahoe City home.

IT'S WISE TO ADVERTISE!

NEVADA COUNTY TO SHARE IN ROAD FUND

SACRAMENTO (CNS)—Apportionment of $22,586,084 in state highway funds for the month ended May 30 was announced today by Robert C. Kirkwood, state controller.

Apportionment to counties, Kirkwood said, totaled $5,282,383, with Nevada County receiving $20,232.05.

The apportionment in total is $3,751,611 above that of the preceding months, and $2,597,656 over the same month in 1954. Remainder of the funds went to cities, $2,049,807, and to the state highway fund for highways, $15,253,894.

The money was derived from net gas taxes of $19,709,99; deisel taxes, $1,16,981 and a transfer of $1,698,916 from the motor vehicle transportation fund.

SPEED ACCOUNTED FOR MOST MISHAPS

SACRAMENTO (CNS)—Fourteen of the 34 traffic deaths recorded by the California Highway Patrol over the Fourth of July weekend were caused by excessive speed, Patrol Commissioner Bernard R. Caldwell reported today.

Caldwell listed numbers of fatalities due to other accident causes as follows:

Fell asleep, 4; passing with insufficient clearance, 4; unsafe turn, 3; wrong side of road, 2; drunken pedestrian, 2; other pedestrian violations, 2; violated right-of-way, 1; failure to make boulevard stop, 1; drunken driver, 1.

When you're in the woods, remember that sparks from cigarettes you drop today may start the forest fire you escape from tomorrow.

OLYMPIC STAMP IS ASKED BY CHAMBER

TAHOE CITY—Directors of the Lake Tahoe Sierra Chamber of Commerce have instructed their secretary, Mrs. Myrtle Carnell, to write the United States Postal Department, recommending the issuance of a 1960 Winter Olympic games postage stamp. Such stamp, if issued, will be sold at the Tahoe City postoffice.

Letters to state senators, assemblymen and chambers of commerce throughout northern California are also to be written, asking all of these for cooperation in the matter.

Norman Celio, chamber of commerce president, appointed a nomination committee for the election of officers, which committee will act some time after the boat races are held. He named C. W. Vernon of this city as chairman of the nomination committee.

PROPOSED BUDGET

For the Tahoe-Truckee Unified District for the school year ending June 30, 1956

WHAT'S DOING

Charles F. Berlenbach, Jr., Telephone Manager in Truckee

PLANNING FOR THE OLYMPICS

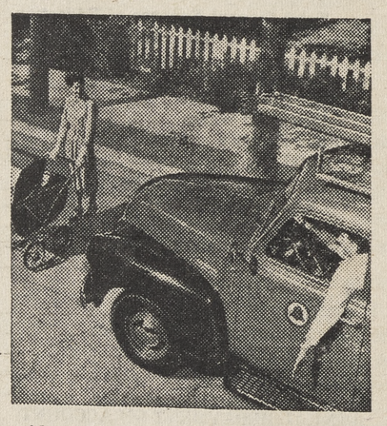

The question has been asked, "What part will Pacifc Telephone play in the Olympics of 1960 at Squaw Valley?" We are happy to report that already our engineers are in the process of preliminary planning.

Last week we attended a meeting in Squaw Valley at which time Alex Cushing informed us that Planning Committees will be formed very soon. It will be the very important job of these committees to work out, to perfection, each and every phase of the tremendous task which lies ahead. Naturally communications will play an important role during this great spectacle. Providing telephone service for a thousand correspondents from all parts of the world plus countless tourists is a job that we of Pacific Telephone are ready and happy to tackle. We feel that no obstacle will be too big to overcome in order to help make this wonderful event a success.

During the various stages of our construction, we will keep you informed of our progress.

* * * * *

How telephone drivers guard your safety

Protecting your safety and that of your family is a big part of every telephone driver's job. And to prepare our drivers for this responsibility, we give each a special course in what we call defensive driving. This teaches telephone people to drive in such a way as to prevent accidents no matter what others may do. And it really pays off. For example, telephone drivers covered more than 80 million miles last year without a single fatal accident. Naturally, careful driving like this helps make the streets safer for everyone. And by helping us keep skilled people on the job, it enables us to work faster and more efficiently . . . to bring you good telephone service. Pacific Telephone works to make your telephone a bigger value every day.

* * * * *

How to help people get in touch with you faster

If the telephone number at your house isn't now listed under your name, it easily can be. In fact, everyone in the family —Mom, the youngsters, resident "in-laws", and so on — can have a separate listing. By having your own name in the phone book, you make it easier for people to get in touch with you. It can be the difference between getting or missing important calls. And you can have your own listing at small cost. So why not call us at your telephone business office and talk it over.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

On Saturday evening at the Pineland Bowl, that beautiful outdoor theatre in the forest at the foot of the Ward Creek mountainside, Mr. and Mrs. Bertel Anderson were hosts at the first potluck dinner and evening entertainment for this season. Anderson says that, now that the warm weather has come on in earnest, this occasion will probably be repeated every two or three weeks into the early fall season.

The various potluck dishes were furnished by the housewives of Pineland, the pine-forested community where new homes have been springing up like mushrooms during the past few years. Fifty some guests attended.

A pile of blazing logs in the big center fireplace added to the light of electric globes strung high on the trunks of the pines, and the entertainment started with community singing. Pianist for the occasion was Mrs. F. Greezes of Yreka, who is visiting at the Pineland home of her daughter, Mrs. Polly Brolund. A musical family who are to be credited with a large part of the evening's entertainment are Mr. and Mrs. Emil Welz and daughters, Ruth, Marline and Linda, who were vacationing here from their home in Burlingame. Mrs. Rita Welz herself, a very talented Spanish dancer, danced to accompaniment 'Les Cahaysanecas' —the Mexican clap dance. Her husband obliged with three beautiful compositions in German, and the three girls sang together a popular Spanish song.

Mrs. Frances Carlson, a sister of Mr. Anderson, and vocalist this summer at the Episcopal Chapel here, acted as program chairman through the evening, sang several solos and led the community singing. Poet E. J. Vernon, a guest of the evening, was asked to read selections from her literary works, and obliged with several, including the "Sinking of the Tahoe" from an early publication, and "Hymn of the Sierra" from the new book, "Through the Rainbow Gate."

Entertainment

Up in Squaw Valley on Saturday night the regular weekly social evening was held with the usual entertainment. There was dancing through the later hours in the large upstairs pavilion, to the music of a three-piece orchesfra from Sacramento.

Boat Races

Ideal weather prevailed for the Tahoe Yacht Club's annual midsummer regatta on Sunday afternoon. The boat races were held from the Chambers Lodge pier, with hundreds of spectators packing every available space, and cars parked close together all along the beaches. Toward the last of the program an exciting battle was waged between the three star races—Henry J. Kaiser's "Scooter Too," J. Philip Murphy's "Breathless" and the "Short Snorter," Stanley Dollar, Jr.'s favorite. Forty-two entrants were listed in the day's program, and all events except the first and ninth were limited to Yacht Club members only. There were 12 events in all, and the various trophies for all these were on display throughout the weekend in the lobby of Chambers Lodge. The regatta committee included Chairman Clark Hall, Warren Bradley, Robert Dobbins, Marshall Kraus, Fred Main, Allen Brey, Jake Obexer, Roger Murphy, Brooks Walker, George Lewis and J. Carroll Skinner. Commodore R. Randolf Walker headed and controlled the program of events.

Start Bobsled Run

A group of engineers took lodgings in Squaw Valley over the past weekend, presumably to look over the surroundings for the most suitable location for construction of the Olympic bobsled run. It is esimated that this construction job will require a space at least a mile square, and a medium steep mountainside.

Mother Visits

In her apartment at the Gieson House lodge in Squaw Valley during the past week Miss Dodie Post has been entertaining her mothre, Mrs. Dorothy Post of Reno. Mrs. Post likes the valley very well indeed, and is lately debating whether it might not be a most healthful spot in which to live the year around.

Back at Tahoe

The Hillyer Browns from down the Peninsula are back at Tahoe again for the summer season. They have opened their new summer home which was recently completed on the Brown family estate in Tahoe Park. A brother, Dr. Cabbot Brown and family are expected soon for a short vacation period.

At Summer Home

Mr. and Mrs. Wm Grant of San Anselmo arrived here this week for a short stay at Agea, the old Griffith home on the Tahoe City lakeshore. They brought with them Grant's foster parent, Alice Griffith, from her winter home in the bay area, and her staff of help who have opened the main house for the season. The main guest cottage is being occupied for a time by Mr. and Mrs. Edward Griffith and family. In spite of recently broken bones, Alice Griffith could not bear to miss a summer in her Tahoe home where she has spent fifty-some seasons in the past. She is now looking forward to her 91st birthday.

Open House

On the 19th of this month Elizabeth Walker, another old timer of this region, entertained with an open house celebration in her Truckee River home as a birthday occasion. Mrs. Walker received congratulations, gifts and greetings throughout most of the day on the main veranda where scores of Tahoe region friends and neighbors dropped by to honor the anniversary.

Open Summer Home

Mrs. Fred Manley of Tahoe Park and Los Angeles is back at the lake once more, and has opened her summer home here for the season. Her husband passed away last spring at their southern California home.

Business Meet

The Tahoe Women's Club held a business meeting with luncheon last Thursday at the White House Cafe at Carnelian Bay. President Doris Clark presided with 32 members and guests present. The next meeting will be a luncheon-social, held at Cal-Neva Lodge at 1 p.m., on August 4.

Daughter Visits

Ernest Hoerdler of Tahoe City and Covina is entertaining in his home here on summer vacation his older daughter, Patricia and her four children from the lowland ctiy. Pat's younger sister, Mary Anne Hoerdler, is attending a summer course at a college near Covina, where she will soon receive her teacher's certificate.

At Tahoe Pines

Mr. and Mrs. Burton Swartz, prominent ranchers of the Clarksburg locality, have opened their summer home at Tahoe Pines for the season. Their daughter, Alison, and family are with them, and enjoying the perfect vacation weather prevailing at this time.

At Walker Estate

Mr. and Mrs. Wellington Henderson of San Francisco are occupying the old home on the Clinton Walker estate near Tahoe Tavern this summer. Mrs. Henderson is a daughter of the Clinton Walkers, and spent most of her summers here in younger days.

Vacation at Lake

Miss Lela Swanson, whose family home is in the Turlock vicinity, has been spending a short vacation in Taheo City these midsummer days. She was a guest at the home of her aunt, Mrs. Ruth Mayfield of this city.

Visitors at Tahoe

Visiting friends and relatives in Tahoe City during the past week were the following: Mr. and Mrs. Andrew Ross of San Francisco, Mrs. Emily Phlehn of Berkeley, Mr. and Mrs. Elwell Bowers and mother of Bowers, Mrs. Edward Stewart of the bay area, and Miss Jessica Kenney of Pasadena, Mr. and Mrs. Bowers, Mrs. Stewart and Jessica Kenney all visited at the Tahoe City home of Mr. and Mrs. Carl Bechdolt, Sr. This is Mrs. Stewart's first visit to Tahoe in the past sixty years.

TAHOE CITY—The temperature at Tahoe City is reaching summer normal as readings in the low 80's have been reported during the past week by Cooperative Observer Art Frodenberg. The mercury drops each morning to around 40, creating ideal vacation weather. The lake level Monday stood at 6226.63 wth six gates open.

The Standard Man showed me how to save on repair bills

The carburetor in your car or light truck "breathes in" air which carries specks of carbon and gum that stick to carburetor walls. These deposits choke off air to the engine—cause 1 out of 3 repair bills. "Detergent-Action" Chevron Gasolines stop carburetor deposits with the very first tankful!

End rough idling, stalling, boost power, save gas . . . "Detergent-Action" restores the carburetor in your car or light truck to factory-clean condition...and keeps it clean *while you drive*. Yours in both Chevron Supreme and Chevron Gasoline.

Dangerous Age On Road Between 25-34, Says Report By State Patrol

SACRAMENTO—A man between the ages of 25 and 34 driving at an unsafe speed on the open highway during the hours of darkness on a Friday, Saturday or Sunday is most apt to be involved in a fatal traffic accident. The above statement is based on a composite of facts released recently by the California Highway Patrol in their annual statistical report.

"The records show that 1471 out of 2706 fatal traffic accidents during 1954 occurred at night," declared Patrol Commissioner B. R. Caldwell. "Other interesting facts show that well over half our fatal acidents were caused by excessive speed on the open highway during the weekends, Fridays, Saturdays and Sundays.

Speed, violations of the right-of-way and drunk driving again led the parade of accident causes," Caldwell continued. "And the violations continue. This year, the state-wide traffic fatality score is up about 9 per cent and a strong swing to stricter obedience to the traffic rules and regulations is necessary if we are to stop this deadly toll.

People of State to Vote On Huge Building Issue

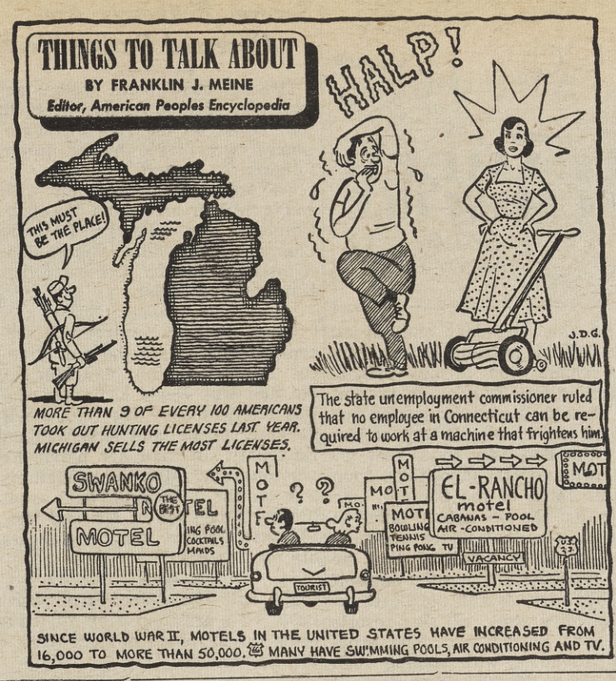

SACRAMENTO (CNS) — Gov. Goodwin J. Knight has signed a bill providing for a $200,000,000 bond issue to finance a state construction program during the next five years.

The bond issue will be submitted to the people at the 1956 general election.

An amount not less than $60,000,000 is earmarked for construction, equipping, and site acquisition for state colleges.

If approved, the measure would set up a state construction fund in the state treasury, and a state construction program committee to supervise use of the fund. The committee would be composed of the governor, the state controller, the state treasurer, the director of finance, and the director of public works.

The average depth of the Gulf of St. Lawrence is 417 feet.

More "No Passing" Zones Under Study On Donner Highway

The state division of highways has under consideration the addition of more "no passing" double lines on Highway 40 curves between Colfax and Donner Summit. A report on the subject is now before State Highway Engineer George T. McCoy from District Engineer A. M. Nash of Marysville.

The division's traffic department pointed out that there are now many sections of Highway 40 through the Sierra where it may be unsafe for one passenger car to pass another but where sight distance is ample for a passenger car to pass a slow moving truck. To double stripe these sections, the highway officials added, would force passenger traffic to stay in line behind slowly climbing commercial vehicles, seriously increasing congestion on the road.

It is the policy of the division, according to a spokesman, to paint double stripes where sight distance is restricted severely and the danger is not obvious to the driver. Double striping is not generally placed on curves where the restriction to view is apparent. On this basis, most striping applies to rolling grades where an oncoming vehicle may be hidden by a summit or a dip.

As an interim measure, pending ultimate multi-laned construction, a partial solution to the problem has been found by providing an additional uphill lane for trucks. Some of these turnout lanes are in use on the Donner Summit grades and have proved successful.

The state highway commission last month allocated $120,000 for construction of truck turnout lanes at seven additional locations between Colfax and Yuba Gap. Plans for these projects are now in the preparation stage.

LIQUOR CONTROL OFFICERS ACTIVE DURING HOLIDAY

SACRAMENTO (CNS)—Russell S. Munro, director of the department of alcoholic beverage control announced today that 65 arrests, and the filing of 27 accusations were made over the July 4th weekend.

He said that officers of the department inspected nearly 7500 licensed establishments in areas where holiday and vacation crowds congregated during the three-day period.

Munro said this same type of concentrated patrol will be repeated during future holiday periods.

California fishermen harvested $72 million from the sea in the 1952-3 season.

Wife Of Former Local Pastor Dies In Nevada

Funeral services were held in the First Methodist Church at Reno this week for Mrs. Addie Walderman Emigh, age 93, who died on Monday.

The deceased and her husband, Rev. Emigh who survives her, were residents of Truckee 19 years ago when he was pastor of the Methodist Church.

From Maxwell—

Miss Ella Waters returned recently from Maxwell where she visited Mr. and Mrs. William Spratt.

Out of Navy—

Louis Landry, Jr., is visiting his family following his recent discharge from four years in the U. S. Navy.

Tonsilectomy—

Billy Waters, small son of Mr. and Mrs. William Waters underwent a tonsilectomy last Wednesday.

Jeeps at Webber—

A group of jeep drivers visited Webber Lake for luncheon on Sunday, starting the jaunt at Nevada City returning home via Downieville.

CARD OF THANKS

I want to sincerely thank the Truckee Volunteer Fire Department members and other volunteers for their work in preventing a serious fire at my property on High street.

Mrs. Elizabeth McKay

Salvation Army March Continues In District

The Salvation Army is continuing it's march in the Truckee Tahoe area though August 15 in the annual drive for funds, N. F. Dolley, chairman, announced.

Letters have been mailed and donations may be returned to O. J. Larrivee, treasurer in care of the Bank of America at Truckee.

If any one has not been contacted they may mail gifts to Larrivee as all contributions are deposited to the local Salvation Army campaign account and disbursed by the local committee. A welfare fund in the bank is maintained by the group and used to assist in meeting emergencies in the Truckee Tahoe district.

Other local persons on the committee include Elizabeth Bavier, Walter Barrett, Mrs. I. J. Firpo, George Kehlet, R. N. Little, Everett O'Rourke, R. E. Saunders, Jr.

J. D. Herbert, area representative received sanction of the Chamber of Commerce to conduct the current drive.

Baysingers Move—

The Lew Baysinger famly who left here to live at Mill Valley are now in nearby San Rafael.

Mayor at Home—

Mayor and Mrs. H. Hendren and family of Sacramento opened their house at Donner Lake last weekend and visited with her mother, Mrs. SaraBelle Hooper.

The vice president and myself attended the meeting of the planning commission in our official capacities last Tuesday to present the chamber's plan for zoning our end of the county. If any of you read the Bee, you know that we met with open opposition from Dennis Jones of the Summit. One thing that the Bee article failed to mention was that under questioning Mr. Jones admitted that he was representing mostly himself and his interests and not necessarily all operators of ski resorts the Soda Spring area. The problems attendant with staging such an event as the 1960 Olympics will incompass the entire region. If some sort of basic plan is not worked out in the beginning for the affected area, parts of our area could be blighted for years to come. To those of us who expect to be here after the Olympics have gone this is a very important issue.

—O—

I just had a note handed to me urging all of you good sportsminded people to attend the next meeting of the Sportsmen August 4th. Harry MacDaniel will be the speaker with an interesting and informative talk on the wilds of Africa where he traveled extensively. He has many colorful slides taken on the spot to illustrate his talk. Let's have a large turn out and help support our fine Sportsmens club.

—O—

Your directors have authorized me to enter a formal protest against the proposed subdivision at Truckee Resort. This protest will be filed with the Board of Supervisors immediately.

—HAL WELCH

CHURCH NOTES

The Methodist Youth Fellowship will hold its teen-age dance tonight, Thursday, this week, and each Wednesday night thereafter, starting at 8 and ending at 11 p.m.

Sunday evening at 5:30 p.m. the MYF will hold a picnic at the summit end of the lake. For transportation please see Rev. Osman. All teen-agers invited.

Dean Fetterman and Merrill Englehart leave Saturday for summer camp at the Skylandia Methodist grounds at Lake Forest on the north end of Lake Tahoe.

Delinquent Taxes

Delinquent taxes in Placer County totaled $95,969.54 on an assessment roll of $3,615,059.68 for the fiscal year 1954-55. The percentage delinquent is listed at .0265 by Tax Collector A. K. Brennan.

He stated this represents a reduction from the delinquencies of $97,169.04 for 1953-1954.

Needham Discusses Fish At Rotary Meeting Here

Dr. Paul R. Needham, professor of zoology from the University of California was the guest speaker at the Rotary Club meeting at Donner Lake Lodge Monday.

Dr. Needham was introduced by Rotarian George Bettencourt and told of his several trips into Mexico for the purpose of obtaining specimens of fish which may prove to be a more hardy variety and which may be moved to California for experimental planting to determine their adaptability to the California area.

Dr. Needham's talk was illustrated with slides taken in Mexico and showed the native Mexican trout in their native waters. They are a species of rainbow trout, Dr. Needhame reported.

Several Rotarian visitors enjoyed the weekly meeting and the talk by Dr. Needham. They are: Bill Goodwin, West Hollywood; Art Honegger, Antioch; Alan Searles, Marysville; Leo A. Wadsworth, Ontario; Irby L. Redford, Glasgow, Kentucky.

The next meeting of the local club will be at Loyalton and will be a joint meeting with the neighboring club. A barbecue is planned and all Truckee Rotarians are planning to go to Loyalton. The joint meeting is scheduled for Thursday evening, July 28 at 7 p.m. The meeting will be at the Loyalton picnic grounds.

Give Award—

Robert Bowers of Reno and former local resident was given an award by Reno Arch Lions for his enthusiastic obtaining of members for the club.

Facilities for swimming, fishing and boating are provided by San Francisco's Aquatic Park.

Several Birthdays Are Observed During Week

Mr. and Mrs. James Walker entertained several friends of their son, Terry, on his 11th birthdate. Games were played by the group, followed by dessert.

The boys sharing the event with young Walker are: Gene McGihon, Quinten Kay, Barry Leamon, Charles Glenn, Philip Haines, Mike Armstrong, Jimmy Osburn, Mike Kumle, Gene Miller.

Other birthday anniversaries recently observed are those of Frances Anne McGwinn, daughter of Mr. and Mrs. Doyle McGwinn who was feted on July 25; Gail, small daughter of Mr. and Mrs. William Englehart, Jr., had her party the previous day; Mrs. John Waller's was on the 17th and her small brother Gene, son of Mr. and Mrs. Clarence Osburn was three years old on Tuesday.

Mr. and Mrs. Nace Firpo were hosts at a party on July 20, honoring the birthdate of their daughter, Stephanie.

Dicky, son of Mr. and Mrs. Ralph Daniels was five years old on July 24, was given a party and emerged as a counterpart of Davy Crockett, having received a complete woodsman outfit. Marlene Hocker claimed Independence Day as her debut into the world, Miss Janet Allen observed the 24 and Mrs. George Kaspian's natal date occured Wednesday of this week.

Truckee Boy Scouts Pass Tests At Pahatsi

Members of Truckee Troop No. 7, Boy Scouts of America, who have successfully passed their examination at the court of honor held at Camp Pahatsi near Soda Springs include Jim Loynd and Dean Fetterman, second class awards; Marty Kumle, fishing, swimming and life saving; Sam Medford, first aid; John Clancy, swimming and life saving; Stan Stock, swimming and life saving and Don Brown, first aid, life saving and swimming.

Scott Gilmore of Post 31, Kings Beach, was awarded his star rank and first aid merit badge.

Two Flew—

Miss Mary Ann Tonini was a passenger in the airplane piloted by Dick Buek on Monday, landing at Dixon. Miss Tonini went to visit Mr. and Mrs. Clair Goode at Woodland.

Family Visits—

Mr. and Mrs. Frank Amato of San Francisco recently visited her mother, Mrs. Amelia Muratta and grandfather, D. Pesce.

From Roseville—

Mr. and Mrs. Valerio Arraiz of Roseville are staying at their local ranch for several months.

Buy Buick—

Mr. and Mrs. Vern Shattuck have taken delivery of a new Roadmaster Buick, bought from Osburn's Garage.

WORLD TRAVELER TO ADDRESS MEET

Harry McDaniel, world traveler and lecturer, will present a program at the meeting of the Truckee Outdoor Sportsmen at Capitol Hall next Thursday at 7:30 p.m. which should attract a large attendance.

McDaniel, who is currently vacationing at Donner Lake, spent eight years in Africa and Arabia and the Middle East, accumulating colored pictures and information to feature his lecture tours. From over 5000 pictures he has selected those which he will present at the Thursday meeting, showing big game and primitive people, including the Mau Mau. The shots were chosen especially for sportsmen and will show many interesting close-ups of now nearly extinct game.

The traveler has visited 72 countries in the world and has crossed the Atlantic six times in his quest for information as well as covering a quarter of a million miles by air. He spent most of 1954 in Africa with his own safari.

Members, their families and guests as well as others interested, are invited to be guests of the Sportsmen at the meeting.

McDaniels will speak of Arabia on August 5 at the meeting of the Wyethia Club.

Summit Directors Are Named In $5000 Suit

Charging the defendants violated an oral agreement in the installation of a pipe line over the property of the plaintiffs, the Donner Summit Public Utility District, its president, S. C. Secco, Elmo B. Moriano and Clerk Margaret R. Avila, were named in a $5000 suit filed in superior court by Mr. and Mrs. Ray McCarty of Soda Springs.

The McCartys contend that the utility district agreed to run the pipe underground, but put it above ground instead and that the defendants have refused requests to remove or bury the pipe. The plaintiffs charge the pipe prevents them from selling, leasing or renting one-half of their property.

Born in 1875—

Fred A. Cooke wrote from Santa Rosa that he was born in Truckee in 1875 and delivered the Truckee Republican in 1890. Cooke, who sent his regards to other old-timers wrote that he is still "going strong" conducting his business.

Vacationists Greet Baby Daughter At Hospital

Mr. and Mrs. Frank C. Vasek of Riverside have named their daughter Cheryl Denise, following her arrival at Tahoe Forest Hospital on July 24. Cheryl's birth weight was reported to be a modest 6 pounds 3¾ ounces.

The family is spending the summer at the Audubon Camp on Donner Summit. Vasek is an instructor at the University of California.

Prescription Pharmacists

. . . can you count the factors entering into your prescription. Pharmacy deals with a multitude of details, and the many thousands of items in your pharmacist's stock prove the point.

Your prescription specifies drugs, amount, strength, size, and dosage. Add to these the order of mixing, compatabilities, and hundreds of procedures and diversities within the knowledge of your pharmacist. They multiply the selective factor of medicines, and establish pharmacy as a most complex profession. All of these skills are employed to serve you when we fill your prescription.
